23S	10/6/2000	USA	Route "23 South" on the NC/TN border near Johnson City. Large population below fence line. Across the road and 0.2 miles north of wedding chapel (1-800-242-7354).	<i>S. alba</i>	23S A1-A11		D. Taylor
ABB	7/17/2004	France	"Abbeville". NW region of France. Population along roadside pulloff on N side of D925, 8 km W of Abbeville, approx. 2 km E of Miannay. Map pg. 8. (N 50.10067, E 001.75411, Alt. 74 m).	<i>S. alba</i>	Most fruits still developing. L1-L4 seeds.		S. Keller and J. Keller
ALL	6/26/1999	France	"Alliel residence". In the roadside ditch in front of and to the west of the Alliel residence in Ricoud. D124 north side of Brou within sight of All across th fields. Map # 78.	<i>S. alba</i>	ALL A1-A5	✓	D. Taylor
ALN1	7/18/2004	France	"Alencon -1". Just S of Alencon, in suburban area next to a park field alongside of rd (N138). Map pg. 76. (N 48.41468, E 000.09116, Alt. 149 m).	<i>S. vulgaris</i>	V1-V3 leaves; V4-V11 seeds.		S. Keller and J. Keller
ALN2	7/18/2004	France	"Alencon -2". S of Alencon, just past city boundary, 3 blocks E of N138 in neighborhood. Plants are near fenced soccer fields. Map pg. 76. (N 48.40943, E 000.09716, Alt. 149 m).	<i>S. vulgaris</i>	Plants past flowering. V1-V9 seeds.		S. Keller and J. Keller
ALN3	7/18/2004	France	"Alencon -3". In town of Arconnay, just S of Alencon, on E side of N13 @ intersection with road leading to A28 autoroute. Population in wildflower meadow adjacent to a traffic circle, opposite a McDonald's. Map pg. 76. (N 48.40593, E 000.08916, Alt. 152 m).	<i>S. vulgaris</i>	Plants were at the edge of the field, approx. 0.5 km down the small 2-track gravel road. V4-V14 seeds.		S. Keller and J. Keller
ALN3	7/18/2004	France	"Alencon -3". In town of Arconnay, just S of Alencon, on E side of N13 @ intersection with road leading to A28 autoroute. Population in wildflower meadow adjacent to a traffic circle, opposite a McDonald's. Map pg. 76. (N 48.40593, E 000.08916, Alt. 152 m).	<i>S. alba</i>	Hundreds to thousands of latifolia here, primarily in fruit. Gendarmerie: "Looking for some seeds?" L1-L5 seeds		S. Keller and J. Keller
ALN4	7/18/2004	France	"Alencon -4". East of N138, near town of Arconnay, S of ALN3. Map pg. 76. (N 48.39663, E 000.09341, Alt. 148 m).	<i>S. vulgaris</i>	V1-V3 leaves; V4-V11 seeds.		S. Keller and J. Keller
ALV	6/27/1999	France	"Allainville". Near Allainville, D191 ~ 3.4km west of overpass with A10. 0.5 km west of parking area @ km post 191-58. Map #79	<i>U. violaceae</i>	ALV-S, smut of north side of road.		D. Taylor
ANK	6/7/1999	Turkey	"Ankara". <i>Vulgaris</i> families from the Anakara area. A4 Ankara, Kalecik, Kecerdesi, 800m serpantin.	<i>S. vulgaris</i>	Family 1-4: N. Adiguzel 3263, Family 5: N. Adiguzel 3261. Family 3 obtained from the population. Family 2 - from 3-4 capsules of the same plant.	✓	Mecit Vural
AOFT	8/30/2004	USA	"Apple Orchard Falls Trailhead". Collected at overlook at Apple Orchard Falls Trailhead along Blue Ridge Parkway in Virginia.	<i>S. alba</i>	A1-A5 seeds		D. Sowell
AUT	6/27/1999	France	"Autnon-la plaine (sp?)". Ditch on south west corner of traffic circle at intersection of N191 and D838. <i>Silene</i> is continuous along the roadside here. Map #79.	<i>S. alba</i>	AUT A1-A5		D. Taylor
BAD1	7/29/2004	Germany	"Bad Schandau -1". On rte. 62 heading N towards Dresden, just N of the German/Czech border on E side of rd. (N 50.90445, E 014.21673, Alt. 250 m)	<i>S. vulgaris</i>	Plants with both ripe, dehiscent fruits and newly emerging flowers. V1-V10 seeds.		C. Barr, S. Keller, D. Sowell
BAD2	7/29/2004	Germany	"Bad Schandau -2". On small gravel side rd heading towards Sebnitz, Germany. (N 50.95186, E 014.24733, Alt. 348 m)	<i>S. vulgaris</i>	V1-V11 seeds.		C. Barr, S. Keller, D. Sowell
BAD3	7/29/2004	Germany	"Bad Schandau - 3". On the road to Sebnitz, approx. 1 km S of town. Plants along the E side of the road. (50.96212, E 014.24368, Alt. 330 m)	<i>S. vulgaris</i>	V1-V11 seeds.		C. Barr, S. Keller, D. Sowell
BAD4	7/29/2004	Germany	"Bad Schandau - 4". On the main road through Lichtenhain, on a grassy bank across from the RR tracks (50.95592, E 014.22103, Alt. 213 m)	<i>S. vulgaris</i>	V1-V10 seeds.		C. Barr, S. Keller, D. Sowell
BAD5	7/29/2004	Germany	"Bad Schandau - 5". Small roadside population bordering agricultural fields (50.93638, E 014.19735, Alt. 308 m)	<i>S. vulgaris</i>	V1-V15 seeds.		C. Barr, S. Keller, D. Sowell
BAR	?	Italy	Bari Italy	<i>S. alba</i>	BAR A1	✓	
BDA	7/4/1999	Hungary	"Budapest". West side of the Danube River (Buda side). Bridge over Danube at the stop for the "HEV" metro. Stop is "Margit-hid". Take the HEV northward one stop, then retrace the tracks backward to the south. The plants were very numerous along the sunnier areas of that path.	<i>S. alba</i>	BDA A1-A7 (& 1 smut collected)	✓	D. Taylor

Site	Date Coll.	Country	Site Description	Species	Notes	Planted?	Collector
BDWY	8/8/1999	USA	Broadway, VA. Site is just west of I-81 in the northern part of the Shenandoah Valley, VA. Collected plants from 2 locations: BDWY1 is on both sides of Woodlands Church Rd., just after crossing over Tide Springs Branch; BDWY2 is on both sides of Wills Creek Rd, SW of the Mt. Zion Rd intersection.	<i>S. vulgaris</i>	This is a previously studied site by the Antonovics lab for the host shift of <i>Microbotryum</i> between alba and vulgaris.		S. Keller
BE	6/17/1999	Italy	"Beverino", Italy. Road at Route 1 and Cavanella di Vera. 2 km east of Route 1. Roadside verge on north side of road.	<i>S. alba</i>	BE A1-A5 (3 capsules from A3, A4 & A5)		D. Taylor
BER	6/24/1999	France	"la Bernerie en Retz." 6km south of Pornix exit off Route D13 to D66. Large triangular island on east side of D13. Road points to a small gravel lane. Plants are in along that lane. Map #111.	<i>S. alba</i>	BER A1-A5		D. Taylor
BEV	6/22/1999	France	"Barely et Vin". Roadside ditch 1.4 km east of turn off for Chateau la Gazelles on D600 north of Albi. Lovely fields of Barley and old vines. Map #214.	<i>S. alba</i>	BEV A1-A5, Mystery Silene also collected just outside Albi growing Northwest of D600.	✓	D. Taylor
BEZ	6/22/1999	France	"Beziers". Aire de Beziers rest stop with gas station. Near Montpellier. Plants collected along the right side of the entry ramp. Map #255. Dry Mediterranean Flora, nice landscaping with natives. Rock hard soil.	<i>S. alba</i>	BEZ A1-A5 (2 capsules from A1)	✓	D. Taylor
BLCK	7/1/2004	Canada	"Blackistono Creek", Alberta. About 1 mi. from Waterton, AB. Off road (collected while horseback riding).	<i>S. vulgaris</i>	V1-V3 seeds		Lorne Wolfe
BMT	7/18/2004	France	"Beaumont-le-Roger". Normandy region, SW of Rouen. Just W of D23 along RR tracks. Map pg. 31. (N 49.06470, E 000.78579, Alt. 102 m).	<i>S. alba</i>	L1-L5 seeds		S. Keller and J. Keller
BND	8/2/1999	USA	"Bend" population in the metapopulation near MLBS, Giles County Virginia (5.1b 1.375 R)	<i>S. alba</i>	BND A1	✓	D. Taylor
BNTN	8/20/1999	USA	Bennington, VT. Population on both sides of VT 9 as you head west from the town of Bennington, in the SW corner of the state. BNTN1 is on S side of road; BNTN2 on N side.	<i>S. vulgaris</i>	Lots of plants here.		S. Keller
BOL	7/22/2004	France	"Bollene".	<i>S. vulgaris</i>	V1-V6		C. Barr and D. Sowell
BRA	6/21/1905	Portugal	Serra de Nogere, Braganca. This is Charlesworth's "SN" site.	<i>S. alba</i>	BRA A1-A5	✓	D. Charlesworth
BRE	6/18/2004	Germany	"Bremen". 10 km SE from Bremen, along the borders of RR tracks.	<i>S. vulgaris</i>	V1 leaves		H. Kuhbier
BRN	7/8/1999	Czech Rep.	"Brno". Empty corner lot outside the train station, across the street, and 200m to the left.	<i>S. alba</i>	BRN A1 (seeds), A2 & A3 (leaf tissue)		D. Taylor
BRN	7/8/1999	Czech Rep.	"Brno". Empty corner lot outside the train station, across the street, and 200m to the left.	<i>S. vulgaris</i>	BRN V1, V2 (leaf tissue)		D. Taylor
BRPW-A	9/11/2004	USA	"Blue Ridge Parkway". Near the town of Blowing Rock, NC. Park at trailhead at MP 294 of Parkway and hike up gravel road to Cove family cemetery. (N 36.15531, W 081.68596, alt.)	<i>S. vulgaris</i>			W. Farnum
BRPW-B	9/11/2004	USA	"Blue Ridge Parkway". Near the town of Blowing Rock, NC. Park at trailhead at MP 294 of Parkway and hike up gravel road to Cove family cemetery. Plants in section of field N of the graves. (N 36.15726, 081.68550, alt.)	<i>S. vulgaris</i>	V1-V12 seeds		S. Keller
BRPW-C	9/11/2004	USA	"Blue Ridge Parkway". Near the town of Blowing Rock, NC. Park at trailhead at MP 294 of Parkway and hike up gravel road to Cove family cemetery. Plants trailside on hill above the field on the trail to Flat Top fire tower (N36.15880, 081.68423, alt.)	<i>S. vulgaris</i>	V1-V8 seeds		S. Keller
BWT	08/xx/2004	Germany	"Baden-Wurttemberg, Tubingen, Germany".	<i>S. alba</i>	bulk seeds		???, attendees at Silene-Microbotryum meeting at MLBS 2004
BUD	7/3/1999	Hungary	"Budapest". Up an old fortress overlooking Budapest. Walking along the top of the wall along the west side, near the museum of armaments. Over that wall, there is a grassy slope going downward to the street below. Leaf tissue collected on that grassy slope.	<i>S. alba</i>	BUD A1-A5 (leaf tissue)		D. Taylor
BZE	?	Slovenia	Brezje, north and west of Ljubljana	<i>S. alba</i>	BZE A1-A4, 2 Capsules per female	✓	Chris Richards

END	7/13/1999	Czech Rep.	"The End". Prague airport. Some time before my flight, in around cars in the short term parking lot outside the main terminal. Leaves from 2 males collected.	<i>S. alba</i>	(leaf tissue)		D. Taylor
EPI	6/27/1999	France	"Epinal" On route D11 (actually, a small turn off from D11) 0.5km west of interchange between D11 and D159/B15. Site is ~50m down the turn off at a gravel pull off. Map #87	<i>S. vulgaris</i>	EPI S, smut. EPI V, <i>S. vulgaris</i> .	✓	D. Taylor
EPI1	7/21/2004	France	"Epinal -1" SE of Docelles on D11c, past Xamontaru Pt on Chemin de Fossard. Near the recycling area. Map pg. 87. (N 48.11870, E 006.66798, Alt. 552 m)	<i>S. vulgaris</i>	Most plants done flowering. V1-V7 seeds.		S. Keller and J. Keller
EPI2	7/21/2004	France	"Epinal 2" SE of Epinal, just N of Archettes (and Arches) near N57. Cross river at Arches, straight through Archettes on unnamed road; past houses; plants near outbuilding with wood stacks. Map pg. 87. (N48.12782; E 006.54308, Alt. 391 m)	<i>S. vulgaris</i>	Population borders shady woods on one side and is in roadside ditch on the other. V1-V14 seeds.		S. Keller and J. Keller
EPI3	7/21/2004	France	"Epinal -3" Approx. 600 m uphill on rd from EPI2 along the Chemin de Fossard. Map pg. 87. (N 48.11301, E 006.66867, Alt. 597 m)	<i>S. vulgaris</i>	Most plants done flowering. Some plants growing into forest away from the road. V1-V15 seeds. 1 <i>S. vulgaris</i> smutted flower collected.		S. Keller and J. Keller
EPI4	7/21/2004	France	"Epinal -4" Approx. 750 m uphill on road from EPI3 at edge of forest. Map pg. 87. (N 48.10596, E 006.66856, Alt. 645 m)	<i>S. vulgaris</i>	Shady roadside population. Plants are abundant and have little herbivore damage. V1-V10 seeds.		S. Keller and J. Keller
EPI5	7/21/2004	France	"Epinal -5" In town of Eloyes, SE of Epinal. Plants along side D42 as heading S out of town. Map pg. 87. (N 48.08970, E 006.61042, Alt. 407 m)	<i>S. vulgaris</i>	Plants mostly in flower; few seeds ready. Site is more urban in habitat than other EPI sites. V1-V4 seeds.		S. Keller and J. Keller
ERL	7/23/2004	Switzerland	Central Switzerland, between Chateau D'oex and Interlaken. (N 46.66194, E 007.56799)	<i>S. vulgaris</i>	Roadside population. V1-V3 seeds.		C. Barr, S. Keller, J. Keller, D. Sowell
EYZ	6/23/1999	France	"les Eyzies". West of town of les Eyzies, 1.6 km east of intersection of D47 and D42 @ la Loulie. Massive beautiful bridge at intersection. Site on north side of road opposite RR crossing. Map #180. Great Caves!	<i>S. alba</i>	EYZ S. Smut. All infected plants were directly across from the RR crossing. Leaf tissue labelled "ENZ 1 and ENZ 2 probably from here		D. Taylor
FAK	6/17/1999	Lebanon	"Fakra" Fakra (Faqura). 1450m elevation, 2 km SW of Ferraya (Faraya) in Central Lebanon. 35o47'E 34oN	<i>S. vulgaris</i>	FAK V1-V5	✓	Dave West
FAN	7/9/2004	Ireland	"Fanore" On hwy R477, just S of Fanore on Ireland's W. coast. Map pg. 24.	<i>S. vulgaris</i>	Plants scattered broadly alongside road. Some showed morphology intermediate between <i>S. vulgaris</i> and <i>S. maritima</i> , which also grew nearby on the beaches. V1-V2 leaves. V3-V7 seeds.		S. Keller and J. Keller
FEL	7/16/2004	UK	"Felbrigg"	<i>S. dioica</i>	D1-D5 seeds		S. Keller and J. Keller

Site	Date Coll.	Country	Site Description	Species	Notes	Planted?	Collector
FMN	7/30/2001	USA	"Freeburg, Houston Co., MN"	<i>S. alba</i>	A1-A8 seeds (same as Lorne's MN-1 population)		Lorne Wolfe
FOY	6/24/1999	France	"St. Foy". Leaving St. Foy on D80, just west of intersection of D109 and D80. On south side of D80, weed patch on east side of bridge over stream. Few grubs. Map # 128.	<i>S. alba</i>	FOY A1-A5		D. Taylor
FRT	7/19/2004	France	"Frites". At a roadside french fry stand along N76, E of Ville Franche. Map pg. 118. (N 47.26703, E 001.88688, Alt. 99 m)	<i>S. alba</i>	Plants scattered roadside and by the canal. L1-L4 seeds.		S. Keller and J. Keller
FUN		Portugal	Fundao, 2km (near camping and old monastery) ~50km to castelo Branco, Center/East Portugal	<i>S. alba</i>	FUN A1-A2, several capsules in each packet	✓	Helena Cotrim
GAP	6/21/1999	France	"Gap". D 994 west of Gap. After leaving town of Gap, past last traffic circle, driving west. Begin climbing Mountain, there is a large (>100m long) pull out on the north side. Plants collected near end of pull out. Site is ~4.4 km east of la Freissinouse.	<i>S. alba</i>	GAP A1 - A5	✓	D. Taylor
GAS	7/23/2004	Switzerland	"Gasthaus Kulm" On the road between Chateau D'Oex and Interlaken, in the mountains. (N 46.75822, E 008.13511, Alt. 1050 m)	<i>S. vulgaris</i>	Plants growing in a lush forb community. Most were past flowering. V1-V8 seeds		S. Keller and J. Keller
GODA	7/30/2004	Germany	"Goda". Se of Loga, Germany, on a small, unnamed road near Dresden. (N 51.22824, E 014.32525, Alt. 168 m).	<i>S. dioica</i>	D1-D17 seeds		C. Barr and D. Sowell
GODA	7/30/2004	Germany	"Goda". Se of Loga, Germany, on a small, unnamed road near Dresden. (N 51.22824, E 014.32525, Alt. 168 m).	<i>S. alba</i>	A1-A6 seeds		C. Barr and D. Sowell
GOG	6/21/1999	France	Name?. On D94 west. Pull off before intersection of D94/D64 approaching la Bonte. Map #220.	<i>S. vulgaris</i>	GOG V1 (leaf tissue). GOG ?1-?3, lots of unknown Silene, with leaves like alba in texture but the size of vulgaris.		D. Taylor
GRE	9/9/1999	France	"Grenoble". 2km North of Grenoble France.	<i>S. vulgaris</i>	<i>S. vulgaris</i> , GRE.V1-10. Foothill (300m), open area near a Quercus pubescens forest.		Phillipe Choler
GUE		France	"Guerande". <i>S. vulgaris</i> from the people at Nantes Botanical Garden. Kervaban 44 Guerande. Loire Atlantique, France. Map p. 110	<i>S. vulgaris</i>	Bulk seed	✓	Collector?
HAT	6/27/1999	France	"Chateau Villain". Rest area across from Aire de Champignol (westbound). Near eastbound 175 km post on A5. 9.5km west of the Chateau Villain exit (#23). Map #85, but A5 is only shown as a dotted line on our dated map.	<i>S. alba</i>	HAT A1-A2 (leaf tissue)		D. Taylor
HDFL	9/1/2004	USA	"Hudson Falls", NY. Population growing alongside a guardrail in a parking lot, just W of Rte. 4 in town of Hudson Falls.	<i>S. vulgaris</i>	Population approx. 0.5 km from Hudson River. V1-V10 seeds.		Dan Ombalski
HNKS	8/19/1999	USA	Hanksville, VT. Roadside population on small, unnamed backroad between VT 17 and VT 116. Near Warren/Waitsfield area, in northern part of the state. Hanksville is easy to miss as you drive by, as the whole town is one intersection.	<i>S. vulgaris</i>	Silene is very abundant here, and the neighboring land is all agricultural field. Plants tended to be large flowered with lots of anthocyanin in bladder (ms was also common here).		S. Keller
HUN	7/16/2004	UK	"Hunstanton", England. At N edge of seaside town of Hunstanton. Plants along A149 near the old lighthouse. Population in a weed patch occupying an empty lot. Map pg. 44. (N 52.94873, E 00.49348, Alt. 32 m).	<i>S. alba</i>	Small patch of 3 females and 2 males. Other males isolated around town. L1-L3 seeds.		S. Keller and J. Keller
IGA	6/18/1999	Croatia	Island Galopun, UL90, 2m a.s.l., rocks	<i>S. vulgaris</i>	IGA V1-V5	✓	Mirjana Vrbek
ISE	9/9/1999	France	"Isere Valley". 20km North East of Grenoble France.	<i>S. alba</i>	ISE.A1-5 Floodplain, open and little disturbed areas near a Salix alba patch of trees.		Phillipe Choler
ISE	9/9/1999	France	"Isere Valley". 20km North East of Grenoble France.	<i>S. vulgaris</i>	ISE.V1-5. Floodplain, open and little disturbed areas near a Salix alba patch of trees.		Phillipe Choler

KDS	6/15/1999	Lebanon	"Kadischa". ~1100m elevation, 0.5km SW of Bcharre in Kadischa valley, north lebanon. 35o59'E 34o14'N.	<i>S. vulgaris</i>	KDS V1-V5, plant 5 was ~300m up the valley from the other 4.	✓	Dave West
KIS	7/3/1999	Hungary	"Kiskunfelegyhaza". KIS is en route from Budapest to Szeged.	<i>S. alba</i>	3 alba families collected, 1 (A1) from just south of the train station, 2 (A2, A3) further into town behind an apartment building on the north side of the main street into town. Apartment building was past the nice park, balconies had ugly green trim. Nervous moment with rowdy, drunk young locals. 4 more families (A4-A7) found in largish field just north of the buildings adjacent to the train station.	✓	D. Taylor
KOL	7/11/1999	Czech Rep.	"Kolin". Kolin train station. Across tracks from station at far side, a road runs parallel to tracks beyond the houses. Along that road, eastward of the station ~200m, and the road curves. At that curve, there is a triangular weedy space and a field down below. Lots of <i>Silene</i> there, but only 2 females were setting seed (A1, A2). Would have looked for more, but there was a police roadblock and I was unsure about how to explain my odd behaviour in Czech.	<i>S. alba</i>	KOL A1-A2		D. Taylor
KRA	7/1/2002	Russia	"Krasnojarsk" Surroundings of the city (W. Siberia). Natural reserve Sbelt.	<i>S. vulgaris</i>	bulk seeds		J. Andreeva via Helena Storchova.
LAF	6/23/1999	France	"La Foret de Lauriee". Signs to La Foret de Lauriee on D939 and intersection @ km post #14. Plants collected within 10m of the cement km marker. Weedy triangle on south side of D939. There are 3-4 small roads that all come together here.	<i>S. alba</i>	LAF A1-A3.		D. Taylor
