Erika Meitner was a major asset to my understanding the material in this course.

The reviews of material gone over in lecture.

the lectures

My discussion instructor helped me to gain a better understanding of the course by dissecting the readings even further.

the discussion

The discussions in class and the activities done in class.

Erika's organization and presentation in discussion

Reviewing the lectures

discussion section!! and lectures but I liked the disussion because it was a smaller class size

discussions and added printouts like timelines

12. What hindered your learning?

Question Type: Short Answer

9	See below for Individual Results

lack of motivation

The rapid pace of the material and the unclear directions of grading on the midterm.

going to the discussion class

the readings- they were too confusing

not having a religious background

Nothing really but not taking the extra time I had to do a little more reading of the material.

the lectures were sometimes hard to keep up with

falling asleep in lectures ... because I was tired

I thought class was very effective.

This was a very enjoyable course.

i liked it

Ericka keep up the good work and I wish you much success.

In my 8 semesters of college, Erika was without a doubt the best TA I have had. She deserves a big pat on the back for a job well done.

Would refer this TA to other future relg 101 students

great intro religion class

I liked the course, but found out that I should never take a class this big again.

The discussion really helps for clarification of the course material.

The TA put forth a lot of effort to find supplemental information for discussion sections. Very helpful class
