I am a staff member at UVA and took the class to learn more about the subject and to prepare for graduate level coursework. I found it useful for its intensity - it is much easier to devote 3 or 4 weeks to a class than an entire semester. Overall, a very good experience.

enjoyable course

Pretty intuitive

great course learned alot about microeconomics

Good course overall. The pace was a little too fast but that can't really be helped because it was a summer course.
