

Valentine's Heart Quilt

By Rita F. Kostoff

Not to size –
See below
for heart
pattern.

Cut four 5" squares, using two alternating colors; i.e., squares A and D the same, and squares B and C the same. Then cut heart patterns in two different fabrics also alternating; i.e., heart top A and heart bottom D in one fabric, and heart top B and heart bottom C in another fabric. Applique heart pieces to the blocks. (I used machine zig-zag stitch.) Then sew squares together to make a 9-1/2" square.

The quilt I made required 30 squares, joined with 3.5' strips.
